

Spring fun!

By: April Lawyer @21aplawy

EMPTY EMBRYOS

An egg, infertile, white and sterile
Is plucked from a cardboard carton
Full of fuel for life and birth
thrown into a vinegar bath
Painted red and blue and gold
Wouldn't its mother be proud
Meant for a miracle, now covered
in \$2 water colors from behind the
Office supplies at Target

Hide it someone low
Where little hands can reach
And scream
When they find out it's not a plastic
hollow
With palm oil and refined sugar inside

Throw it out in the bin
Or in the yard
Where the most use it has ever had
Is food for worms
