Today the "Vox" inaugurates what it hopes will be a new policy throughout the whole school. It's not "Beat Wilson;" it's "Onward Marion." What happens to Wilson or Vinton or any of the other schools doesn't really matter. It does matter what happens to Marion. It matters if Marion can take it, if Marion can do her best.

Have you noticed how much easier it is to do your best when

someone is pulling for you? First downs and touchdowns are made when the crowds yell. There's something about noise and excitement that keeps the fellows keyed up--they can't let down. Remember that tonight! No matter if the going's good or bad, the boys will know you mean "Onward Marion!"

Marion Fights!

BE CAREFUL

About two weeks ago there was an accident, not a serious one, but an accident. A junior high girl riding a bicycle ran into the rear end of a car and narrowly escaped injury.

If you ride a bike, BE CAREFUL. See that your bike is in good condition--the tires, the brakes, the handle bars. If you drive a car, BE CAREFUL. See that your car or your dad's car is in good condition. If you walk to school, BE CAREFUL. Watch your step. Watch oncoming vehicles.

If you walk, or ride, or drive, BE CAREFUL. The other fellow may be as careless as you are sometimes.

A certain little Freshie wishes Earl H. would make up his mind.

What happened to the cute little "morsel" Mat took to the Home Talent Show?

We hear that L. Nicholson will be seeing more of Verne Balster. How about Homecoming, La-Dell?

We thought Bill Perrin didn't go with girls--we got fooled.

Is it Wickham and "Boots" now?

G O S S I P :

Dale Robbins seems to have an interest in the Coast to Coast.

We are wondering why Leidigh doesn't take the hint.

Looked as if M. Rathje was ready to start in housekeeping Saturday night.

Who's the freshman boy that D. Hutton is setting her heart on? She's got some junior competition.

It seems as though Marian Towers will make a pretty good Juliet with that handsome Romeo, Bob Mathewson.

Sindelar and Dopey are doing their courting together.

What's this we hear about Hazel H. going with Joe B.???? Well--you did take her home, didn't you, Joe?

Virginia Franklin seems to be having a hard time making up her mind about Ed F. and Gaylen C. How about it, Frankie?

Gaylen Caylor says he is off girls. What's the matter, Caylor? Did L. Schenken get you down?

Have Hulshizer and Ford made up at last? I wonder.

Hilda E. seems to have a way with those recent M. H. S. grads.

Jack Gill and Mary Ives--same old thing.

What a lot of girls are wondering--Has B. Vahl decided yet?

Have Burton and Voanne decided to renew their friendship?

Jo Ann and B. Sindelar seem to be doing all right. (Yet?)

R. Rauch's sweater makes the rounds. First, L. Lutz and then A. Ludemann. Can't you decide, Ralph?

How's the little redhead number, Otto? We hear you have competition, too. Or is it the others who have competition?

Does anybody know why Corrine asked Mr. Halley if the draft age had been lowered to eighteen? Incidentally, have you seen her diamond?

Van Fossen and Spence took in the Corn Festival Sat. night.

What happened to "Kelley's" romance with "Red"?

Maxfield stays in town over night just to see "Brenda"--Gee, ain't love grand?

EXECUTIVE COMMITTEE

The first executive committee meeting was held Thursday, September 25. Two officers for each class were elected. Bob Mitchell was chosen general chairman and Wayne Stephenson was chosen general secretary-treasurer. A motion was made and carried that we instill more spirit in our school by having a pep committee with one representative from each home room. Bob Mitchell appointed the following to help in planning assemblies: Ray Frederick, JoAnna Dumbolton, Elwood Kramer, and Jean Stamy. The group dispersed with the ringing of the second hour bell.

Delta Sigma Delta's dance is all over and done with! How did you like it, Freshies? And you, upper classmen, too--was the first dance of 1941-1942 a success? How did you like the new idea of a floor show with the little acrobatic dancer and the inimitable style of Arlene Luedemann? And Jake's singing--wasn't that swell? Do you like that broadcasting set or would you prefer a nickelodeon?

Now we don't have to ask how you liked the balloons---they were practically all broken before you cornered one, weren't they?

Now the big question is--
When is the next dance?

SOCIETY

Frances Clark entertained the following girls at dinner on September 17, her seventeenth birthday: Dolores Clemans, Fern Tilton, Jenny Monroe, Bette Taylor, Eileen Miller, and Ruth Wickham.

Later in the evening they attended a skating party.

Visitors last week in school were: Mary Jean Erickson, Dorothy Kinkead, and Gail Edwards.

Advice to Our New Members, The Freshmen

Come on, freshies, gather 'round. Here are some tips for you from your upper classmen.

Item No. 1:

A freshman (punching bag for upper classmen) has to watch for one thing, the big bad upper classman who is liable to grab you from behind and give you a nice initiation party consisting of a dunking in the creek, fully dressed, and then a nice little walk of about 6 miles to dry you off. Don't take this offa nobody, kids. If you're not as big as the lug, try a little jujitsu like we did when we were freshies. It was a swell fight, they told us when we woke up in the hospital two days later.

Item No. 2:

Never, never go out with an upper classman's witch (gal friend to you). If you do, he's liable to drape the corpse over a lamp post and beat it with a solid four. Of course, some prefer eight to the bar. When he tells you to lay off his little jitterbug, come right back at him with "Si, si, senior".

ZETA MU EPSILON

Thirty people turned out for the first meeting of Junior Academy September 15. Our chapter of Junior Academy, Zeta Mu Epsilon, is sponsored by the Iowa Academy of Science and affiliated with the American Institute of Science and Engineering Clubs. The officers for this year are: President, Eileen Schenken; Vice-president; Bob Zingula; Secretary, Hazel Hutton; Correspondent Secretary, Ester Etzel; and Treasure, Tom Gallagher.

We have two people who have a connection with the state secretary and Mr. Haupt is state advisor. With these offices goes some extra work. We have to publish a science news letter to be sent to all the Junior Academies of Science in the state.

The first meeting was merely getting people acquainted with what we do in the club. Mr. Haupt told about the probation period of six weeks to see if we could stay in the club. Eileen read the Constitution. Hazel talked on projects of the last years and gave some suggestion for this years projects. Marilyn talked on the last two conventions.

Those who wish to join please fill out an application blank, which can be secured from Mr. Haupt, and with a dime initiation fee hand them to Tom Galleger.

TO WHOM IT MAY CONCERN:

I, Prudence Nittwitty Fuddy-quaddy (just call me Prue or Prune if you prefer), am again at the service of all you lucky, lucky people.

Has your best girl jilted you? Do you worry about where your heart-throb is when you're not along? (If you don't you should.) Do you suffer from asthma, indigestion or something? (Now go on--I know you do.)

Just write me a nice, long, gossipy letter (not that I'm a cat) and I'll worry and think and ponder and so forth until I'm just a frazzle--now don't say what you're thinking. Then I'll send you an answer that will solve all your problems. If you are handsome don't bother to write, just come up to see me and I'll fix you up--I have to look after my own interests, don't I? Besides P. U., my ex-boy friend who drives a garbage truck, and I have definitely split up (you should see his black eye---I guess I forgot for a minute that I was a lady) and now I can give someone my undivided attention. Isn't that lucky for you? Well, don't all speak at once!

By the way, don't come on Tuesday--that's the night I work at the glue factory. It's a swell job, so refined.

I'll be looking forward to hearing from all you lovelorn looneys -- no insult intended (much).

Yr. obed. and fthfl. svt.

POETRY

IN MARION HIGH

In Marion High the teachers stand
Between the lockers, row on row,
That mark our place, and in
the halls
The pupils still bravely
quarrel,
Scarce heard 'mid the confusion
below.

We are prisoners. Short days ago
we lived, felt dawn, saw sunset
glow,
Loved and were loved, and now
we work
In Marion High.

Take up our quarrel with teachers
To you from failing hand we throw
The books; be yours to hold
them high.
If ye break faith with us who
study
We shall not pass, though we
study
In Marion High.

MARION 0 ---- CEDAR FALLS 7

The score says Marion lost, but had you been there, you might have thought a little differently for what we lost in score, we gained in hope.

We were greatly outweighed, but a scrappy Marion team, putting all they had in the game, held them scoreless until the last few minutes of play. Only once before this had Cedar Falls even threatened our goal. Then it was Lodell Leidigh who brought the Cedar Falls ball carrier down, robbing him of a touchdown.

The only standout Marion had was the team proper, for they really played football. Even the extras on the bench gave all they had in fear and anxiety.

All in all, Marion's grid outlook for the year looks promising.

Bob Mitchell

SORRY JAKE

The football team has lost Co-captain Gene Jacobs for the entire season. Having injured his shoulder earlier in the year, he was unable to play in the Cedar Falls-Marion game.

On his first day of regular practice the dunning was just too much, and Gene will be on the side lines the rest of the season. It's tough luck for Gene and tougher luck for the team.

JOKE(?)

Coach: You receive the pigskin from center and start running.

Freshman: What shall I do with the rest of the pig?

GOLF

Our mighty golf team composed of Dick Blok, Jack Smith, Bob Neilson, Bill Mack, and Dick Price went to the District Golf meet at Iowa City, Saturday September 20. They arrived at Findbine just in time for Neilson to tee off. At the end their cards read: Smith 94, Blok 95, Neilson 98, Mack 99, and Price 100. They didn't place very high, but they did have fun, and they beat Annamosa.

Marion 0--Monticello 0

Marion held Monticello's fast team to a scoreless tie in the game played at Monticello Friday.

Neither team did anything spectacular, but both teams played real football. During the first quarter, Monti was in Indian territory only once. After that it was a tug-o-war back and forth, neither team threatening a goal. Marsh's punting was consistently good. Once he punted out on Monti's two yard line.

All the Indians were right in there fighting every step. Leidigh and Potter played with rib injuries suffered in the Cedar Falls-Marion game a week ago. Although Gene Jacobs couldn't play, he was right there encouraging the team all the way.
