## DELTA SIGMA DELTA

Well, the news is out. You can start letting your finger nails grow again and quit tearing your hair. You can start eating and sleeping regularly again. Now you know whether you're in Delta Sigma Delta or not.

The people who have been elected to the Honor Society, Delta Sigma Delta, should feel very proud. There are usually only about ten or twelve out of the entire junior and senior classes who are chosen to become members of this very worthwhile organization---students who the members of the faculty consider have fulfilled the requirements of the organization. These requirements are outstanding ability in leadership, scholarship, character, and service.

If you'll look over these four requirements you'll see that these are not only the things that will help the high school student. You'll find that any person who has these fine qualities will be successful and respected all through his life. Thus Delta Sigma Delta is much more than a high school organization. It is a tribute to the boys and girls who will become leaders in society after their schooling is long over and done with.

Therefore, the VOX wishes to congratulate the students of Marion High School who have fulfilled the requirements for membership in Delta Sigma Delta.

## POETRY

## MY CAR

My car was old and broken down,  
And in this car I rode around.  
It had no tail light nor a brake,  
The darned old thing was almost  
fake.

The head lights on that car were  
rusted,  
And one of them was nearly bust-  
ed.

And when I'd drive along the road  
It would jerk along like some old  
toad.

This car would do nigh on to  
twenty--

No cop in town could catch my  
Jenny!

It was painted up like a bill-  
board sign;

It wasn't much good, but it was  
mine.

Otto Welper

## A POEM

Of course, I hope, I shall never  
see,

A girl as homely as Virginia  
Lee,

Whose mouth looks just exactly  
like

A hole in Holland's Zider Zee  
dike;

And whose hair is firey red,  
That it makes her boyfriends  
fall right dead.

Virginia is a little feller,  
A thousand pounds, and can she  
beller?

Please don't get me wrong right  
now,

For Virginia Lee is my pet  
cow!

## SENIORS ON PARADE

June DeWees is one of the sweetest and busiest girls in Marion High School. She is a member of the band, brass sextet, mixed chorus, glee club, trio, mixed quartet, executive committee, G. A. A., Delta Sigma Delta, and the Vox and Quill staffs. When something special needs to be done everyone knows she is the girl to do it especially well. June's favorite food is potato chips and her favorite pastime is a good movie. When she becomes irritated with someone or something she quietly and calmly remarks, "Oh, fossil!"

She has not made any definite plans for next year, but she would like to do stenographic work.

Hats off to you, JUNE DEWEES

James Marsh, the senior boy for this week, is one of the most outstanding athletes of this school. He plays football, basketball, and is on the track squad. "Jim" says ice cream is his favorite food and his favorite pastime is pool.

Next year he wants to work and then later go to business college. Says Jim, "I'm going to stay a bachelor----until I'm twenty-five".

We salute you, JAMES MARSH

## BACK IN THE GROOVE

The holiday season is all over and most of us are back in the "groove" again. People saunter down the halls of good old M.H.S. with that "far away look" in their eyes and a painful expression on their face. Why, you'd actually think they were bored. Perhaps some may be, but just think of all that has happened and will happen in the next few weeks.

1. Three teachers resigned--so far we have only one new one.

2. We've won one basketball game. Well, at least that's better than not winning any at all. Mr. Coffman's speech ought to waken a few of us.

3. The tournament's coming up. That certainly ought to be a bright spot, especially since it is to be here at our own high school.

4. Contests--glee club--band--small groups and soloists. These contests are breaking up the routine for a lot more of us. Some of us even smile when we think of the fun we're going to have.

5. Just think of the activities there are going to be later on--Junior-senior banquet, Academic tests--and then graduation.

If any of you kids get to feeling blue, just think of what is ahead and smile. I know you can if you just forget the academic tests.

---- Jean Scott

"Name?" queried the immigration official.

"Sneeze," replied the Chinese proudly. The official looked hard at him.

"Is that your Chinese name?" he asked.

"No. Melican name," said the Oriental blandly.

"Then let's have your native name."

"Ah Choo."

## WAR TIME

A dillar, A dollar, A ten o'clock  
scholar,  
What makes you come so late?  
You used to come at 9 o'clock,  
but now you come at eight.

On February 9th, 1942, all  
the people of America went on  
"war time", but after the first  
day we noticed no difference, and  
we are glad of it--if it is help-  
ing us to keep our country's  
freedom and democracy.

We have tried and can't find  
where it is going to save day-  
light, but our President must  
know what he is doing, or 130,-  
000,000 people wouldn't put their  
faith, trust and ultimately their  
lives in his hands. If our pro-  
duction plants, working swiftly  
twenty-four hours a day, will  
help our people win this war, we  
should co-operate all we can.

Plenty of people got up on  
Monday morning looking very  
sleepy-eyed, but the yawns have  
slowly come and gone, and no one  
seems to be much the worse for  
it.

We all know somebody who is  
on the battle-field, or if we  
don't we will before this war is  
over. If we all do our part and  
do exactly as our President and  
his administration say (even if  
you are a Republican), we will  
win this war and always have our  
precious freedom.

Have you heard what the South-  
ern Eskimo said to the Northern  
Eskimo?

Northern Esk.: "Glub, glub,  
glub."

Southern Esk.: "Glub, glub,  
glub, you all."  
\* \* \*

I crept upstairs, my shoes in  
hand,

Just as the night took wing;

And I saw my dad, four steps  
ahead

Doing the same darn thing.

## ZETA MU EPSILON

Twenty-six members attended the Zeta Mu Epsilon meeting Tuesday, February 17. The next meeting will be held on Monday night as usual. The government has asked that boys make 500,000 model airplanes to be used for sighting and identifying. Six members intend to make them and others interested should see Mr. Haupt. Three types to be made are: British "Spitfire"; German "Messerschmitt 109"; Curtis "Tommahawk". The model airplane club was asked to become part of Zeta Mu Epsilon.

Plans were made for the convention at Mt. Pleasant, Iowa, April 15, and the projects to be taken there. Reports were made out on each person's project. The airplanes made for the government will be first taken to the convention before sending them to Washington, D. C.

## EPSILON PI

Epsilon Pi, dramatic club, has seen some hectic days, but Miss Schrubbe has gallantly come to the rescue and everything seems to be under control.

A meeting was held Thursday, February 14, at the home of Marilyn Fontaine to make plans for this semester. Three directors were chosen, and they are each to work up a play for use in assembly. This will take the place of the usual spring program of one acts.

## GOSSIP

Is M. Hayes making another change to Metzger? Maybe she's just looking around.

There are some junior boys who think J. Stamy is all right!!

Maybe M. Ostrander has some competition. Have you seen that picture in Jack's locker? Wow!

Why do the boys pick on Phyllis so?

How long will Watzie be able to stay away from Dorothy? And let's not make it an endurance test either.

A. Luedemann and D. Little at the dance. A different one every night.

It's too bad for Elwood that Bonnie couldn't have stayed in Marion.

S. Schaeffer is wearing T. Davin's sweater!!

Jean Clapp and Jack Hogan are together. Don't worry, Jean, true love never did run smoothly.

M. Frederick and F. Etzel went out after the Valentine Dance. But where to, no one seems to know.

Who's 1942 class ring is Leone Reynolds wearing??

Jake got Phyllis in the dark room on her birthday.

What's this about bus windows, La Dell?

If you hear Gill and Ives shouting "88" to each other--it's no football signal.

Bill Failor was E. Mitchell's escort to the semi-formal dance.

Cooney defended his ping-pong title successfully, eh, Chamberlain?

All these versions of SHS---what does it really mean??

Gibney did all right with the girls that put on the floor show!!!

Whom does Ray Frederick write these notes to???

James Wesley escorted Miss Schrubbe home from the dance--fast worker, isn't he?

Have Kempshall and Kassler made up??

The mumps are in Missouri now, M. Starry got them. How they do get around!!!

Bob Wilbur and Ruth Wickham have been holding hands in 310 last hour.

We wonder where Doris S. got her cold. He's in the army now.

McConaughy and Carey were together after the dance--Again!!

We hear H. Miller is jealous because W. Manson is writing notes to Jane Helen.

Sights in the night: W. Quaas taking A. Luedemann home from the rural P. T. A. meeting!!

Fontaine didn't tell us about Hoff---you wouldn't hold out on us would you, Marilyn?

---

Ephraim: "Did you know dat Jonah was three days in de stomach of a whale?"

Rastus: "Dat 'ain' much. Mah uncle was longer dan dat in de stomach of a alligator."

Ephraim: "Yo' don't say! How long?"

Rastus: "Ho's der yit."

## SPORTS

MANCHESTER 31 MARION 20  
MAQUOKETA 41 MARION 22

These games were played against the same teams we had played before, so that establishes their supremacy. In the Maquoketa game, Marvin McCalley hit the basket for 12 points. This was high for Marion. Good going, Marvin. Kellogg and Van Fossen are still in there punching. These two show more spirit than anyone else on the team. The first week in March finds us host to the annual district meet. Let's everybody go.

## ANAMOSA

Last Tuesday night our old enemy, Anamosa, paid us a visit. To pass away the time a little basketball game was started. Our little men gave them a good fight but couldn't quite make it, the score was 31 to 22.

Perhaps many of us haven't stopped to think that this game was the last one at home for the senior boys. We are glad they could play for  $\frac{1}{4}$  of a minute.

More Gossip

Gosh, did you hear about all those kids that went to Hallwoods Tuesday after the game? What is this high school coming to?

Just ask some seniors what they think of people who put certain basketball players in the game when the clock says  $\frac{3}{4}$  minute to go. Then be prepared to hold your ears.

From what we hear, Charlotte Smith has been having some trouble about late hours. Duane should be more careful, shouldn't he, Charlotte?

Schenken has another feather in her cap; namely, introduction and two dances with Schmikle of Anamosa.

## BASKETBALL DISTRICT TOURNAMENT

Marion is again a host team in the district basketball games. These will be played March 4-5-6-7. The Class B teams are out in full color and with Center Point, Walker, Palo, Urbana, Shellsburg, Troy Mills and Toddville battling for the crown. It should make for some interesting evenings.

In the Class A division we find ourselves with McKinley. This game starts at 8:40 P. M. Wednesday. Franklin draws a bye that evening and therefore takes on the winner of the Wednesday game at 8:40 on Saturday night. I'm picking McKinley to walk off with the crown but I wouldn't give any odds if I were you. Franklin is leading the Cedar Rapids teams in their own little feud by virtue of games won before their players graduated at mid term. If McKinley gets by Marion that game Saturday will be a honey. Lets all get our season tickets and go "en masse" to the basketball tournament.

\*\*\*\*\*

## GIRLS' TOURNAMENT RESULTS

Schrubbe's Comets, 14--Halley's Hornets-28.  
Shoot it Tome, 19--Fighting Irish --13  
Champs, 23--Cuties 30.  
Smarties, 18--Pouncers 22.  
Squaws, 28--Fighting Irish 21.

----

Speaker (raising money): "All who will give \$10, please stand up."  
Then to musicians, under his breath: "quick, boys, play the 'Star Spangled Banner'."

The poor old absent-minded professor has finally been killed. He jumped out of an airplane and failed to open his parachute because it wasn't raining.
