## VOX ENTERS SECOND YEAR

### SUBSCRIBE TO VOX

GET IN TO THE SWING ! GET YOUR SUBSCRIPTION TO VOX NOW ! 25¢ THE SEMESTER. GET YOURS FROM MAURICE FLACK OR ROBERT HENSE.

IF YOU PLAN TO BUY AN ACTIVITY TICKET, YOUR VOX SUBSCRIPTION IS INCLUDED IN THE TOTAL PRICE \$3.50. GET YOURS AT THE BOOKSTORE AND START READING YOUR SCHOOL NEWSPAPER !

### Made Official School NEWSPAPER

VOX, your school newspaper, greets you on the occasion of the first edition of its second year. VOX is now an official publication of Marion High School. This year, and for years to come, your school provides you with a newspaper of your own.

VOX, as last year, will present school news, announcements, talent, and gossip to every Marion student to the best of its ability. VOX needs your support. Contributions of any nature will be gratefully recieved. Put yours in the contributions box in Mr. Pugh's office.

VOX will be delivered each Monday afternoon to its subscribers at their lockers. Subscribe now, if you do not plan to purchase an activity ticket, and get your next copy of VOX on time. Students who plan to purchase activity tickets should get them as soon as possible at the bookstore so as to be sure to get all the issues of VOX.

Save your copies of VOX this year. VOX will make available to all its subscribers heavy paper loose leaf binders specially printed for VOX 1936-37, at cost. These will be put on sale as soon as possible.

Get behind VOX and help us to make it really your school newspaper!

### ADVICE TO FROSH

From the beginning of time, Freshmen have come and gone, untutored, unassisted, through a veritable maze of complications ensnaring the feet of the newly initiated neophyte, and the world has been, admittedly, no worse for it. But times have changed, as one may well judge by the size of the season's watermelon crop, and it is the opinion of this scribe that unbiased, truly conceived and unselfishly offered advice would be a boon to all, hence it is my duty to make such a gift to mankind.

Allow me to prepare a set of rules for the guidance of the younger generation, as it were. Let us begin with a rule defining, in some small way, the social position of the freshman.

## MHS STUDENTS ENJOY SUMMER ACTIVITIES

Diverse were the activities of MHS students this summer. Traveling, working, staying at home or at the girl friend's covers most of it, but it's interesting just the same.

Betty Wallace spent the summer in Cambridge, Mass., while Frank Travis graced his uncle's home in California. Molly Granger vacationed in northern Minnesota and Wayne Wells spent a month in Arkansas. G. Ward acquired a permanent, Kirk Snell a case of poison ivy. Jim Fry stayed at home and in condition, Bud Ringland was never at home, but who kicks when they're making money. Willy Booze spent the summer trying to bring adequate response from his limosine, John Lyons did the same for his motorcycle and Bill Fowler with his car radio. Wayne Carpenter spent the summer out on the acres along with many others. Bob Maxson played with orchestras far and wide, while Mary Helen Sloss played with handsome young men over a larger territory including Yellowstone National Park. Lillian Ann Harding did a comprehensive round of visiting with the cousins and vice versa, while Bob Hense held nails for his father and John Granger put on extra pants in preparation to spending the night in a ditch when hitch-hiking was poor. The Marion Mystery Men sponsored several entertainments.

All got a kick out of it, and so did you, didn't you?

### SCHOOL SCHEDULE CHANGED

This year all the sleepy students won't have to be at school until

9:00 according to the most recent reports on the new schedule. Home Room periods will be from 9:00 to 9:08 and after that there will be eight periods of forty minutes each. Two periods will be devoted to manual training and home economics.

# ADVICE TO FRESHMEN . . . ( Con. from pg. 1, col. 1 )

1) The freshman, in most cases, should avoid overly familiar contact with the upper classmen for the first few weeks. Especially is this true of the boys. Girls should avoid them for sentimental reasons, older boys prefer the shy to the predatory in young maidens, and boys for the sake of good health and personal well-being.

2) Rooms on the various floors of the high school building are numbered according to a plan, not in a fit of assinine stubbornness on the part of the designer, as it might at first appear. Rooms on the first, or ground floor begin with the prefix "1", those on the second floor with "2", etc. The various rooms on the three floors which are located in the same respective positions to each other, retain the same last two numbers, differing only in the prefix.

3) Gum, which may be chewed only in Mr. Pugh's classes. ( he's too interested in his work to notice ),

( Con. on page 4, col. 2 )

## VOX STAFF YET INCOMPLETE

Our staff is not yet completely filled. Therefore blanks will be left for vacant positions in the listing. VOX would appreciate applications from persons interested in helping to make their school paper a great success in 1936-7. These applications should be made to John Granger, Editor, as soon as possible.

## NEW FACULTY MEMBERS IN M. H. S.

As many of you, the students of M. H. S. know, there have been a great many changes among the faculty of Marion Hi this year. New teachers include:

Miss Dorothy Faris of Medecapolis, Ia. She is a graduate of Coe and entered into different types of speech and dramatic work while at college. Miss Faris will take the position vacated by Miss Margaret Wood as English instructor.

Miss Winifred Schrubbe of Decorah will take the place in the English department formerly held by her sister, Miss Margaret Schrubbe.

Miss Margaret Dewees of Keokuck will succeed Miss Betty Carrithers in the position formerly

( Con. on page 3, col. 1 )

Let us help you  
make the

Ament's

School Supplies

This year VOX expects to make the Junior High as much a part of its field of influence as the high school. To do this, of course, VOX must have the cooperation of the members of Jr. Hi. We plan to devote as much space to Jr. Hi. news as the Jr. Hi. can provide us. The paper will be delivered to its subscribers through the home room teachers and will sell for the nominal rate of 25¢ a semester.

VOX is trying to give Junior High as square a deal as it possibly can, so the staff will be more than glad to discuss any suggestions or ideas which you Jr. Hi. members may have for your paper. Hurry, you 7th and 8th graders and apply for positions on the Jr. Hi. staff.

Get your subscriptions from Maurice Flack or Robert Hense, soon.

or in Mrs. Bragg's room, (she doesn't mind at all if it's not bubble gum) should be deposited underneath the seat rather than the arm rest of the chairs.

4) Keep your locker locked at all times. You can rent a padlock at the office, and if someone gets wise to the combination have them teach it to you, or if you have already caught on turn the lock in for a new one at the office. The assistant will do it for you if you smile sweetly.

5) Be as considerate of others in all your activities as you would in your own home. Every one appreciates a thoughtful person, and you will too the first time someone borrows your only pencils just before the math test or knocks out several of your teeth on the drinking fountain.

Good luck, freshmen

### CLASSIFIED ADVERTISING

VOX Classified Advertising is available to any student or faculty member of the Marion schools at the regular rate of two lines for five cents in any quantity payable in advance. VOX will be glad to print Lost or Found notices free of charge. Classified advertising should be handled through the Business Manager or his assistant.

Wanted: Non-fiction books, old newspapers, stamps, curios cheap for cash or trade.

### NEW FACULTY MEMBERS (con. from page 3, col. 2)

occupied by Miss Ruth Crew, of girls physical training instructor. In addition to this office, however, Miss Dewees will also teach book keeping and first year shorthand and typing. Miss Dewees graduated from both the Business College of Keokuck and the state university.

Mr. Eldon Coffman of Polo, Ill. comes to take the coaching position formerly held by Mr. Donald Wolfe. Mr. Coffman comes to Marion with a very brilliant record. A graduate of Cornell College, he was a member of the Cornell varsity football, basketball, and track squads. For three consecutive years, Mr. Coffman was an All-Conference football and basketball star, and in 1935 was an All-State basketball center.

Mr. Kenneth Hoeck who comes from Sioux Falls, South Dakota to take the place of Mr. Carol Johnston as instructor of first and second year mathematics. Mr. Hoeck is a graduate of Drake University and was a member of Drake's varsity football and basketball squads. Mr. Hoeck is married and has a small child.

Mr. Lyle N. Warren, new science teacher, is a native of Bayley, Iowa. He was graduated with highest honors from Drake University more than qualifies him to teach physics, general science, and advanced mathematics in Marion High School. He is married and has a small child.

All of the other positions on the high school faculty will be filled again this year by the instructors who formerly held them

IN MEMORY OF  
MILO A. PORTERFIELD

On June 2, 1936 Death summoned our friend and instructor to the beautiful home beyond. His zealous work in the interests of our school and his life, laden with gentleness and kindness will cause his name to be long remembered and cherished in the affectionate memory of the Faculty and Students of Marion High School.

Sometime, when all life's lessons have been learned,  
And sun and stars forevermore have set.  
The things which our weak judgment here have spurned,  
The things o'er which we grieved with lashes wet,  
Will flash before us, out of life's dark night,  
As stars shine most in the deepest tints of blue,  
And we shall see how all God's plans were right,  
And how what seemed reproof was love most true.

MR. KENNETH HOECK, new M H S faculty member, narrowly escaped serious injury in an auto crash Monday morning on highway 6 near Ladora. His aunt and uncle, with whom he was traveling, were seriously injured. Mr. Hoeck was bruised. He was coming to Marion from Des Moines when the accident occurred.
