"GIDGET GOES
HAWAIIAN"
MARCH 12 & 13

No. 5, Vol. 30

Marion High School, Marion, Iowa

March 12, 1965

Larry Stookey, Tim Ledvina, and Kurt Brandt inspect costumes for "Gidget" worn by Marilyn Franklin, Linda Haas, and Roberta Kraemer.

Hawaiian Style Musical Planned

The Marion High School music and drama departments once again present their annual spring musical. This year they have selected "Gidget Goes Hawaiian," which will be presented on March 12 and 13 at 7:45 p.m. at the high school. Admission will be 75 cents and 50 cents.

Mrs. Marian Hulin and Mrs. Winifred Deeds will direct the play. The cast will include Bertie Kreamer as Gidget; Kurt Brandt as Moondoggie; Tim Ledvina as Mike Horner; and Marilyn Franklin and Larry Stookey as Gidget's parents. Also included in the cast are Linda Haas, Barbara Collins, Jim Hildebrand, Charles Warner, Linda Lamborn, Carolyn Lewis, Verle Allen, Dick Carsner, Diane Bennett, Vicki Gillman and Connie Palas. In addition four girls and two boys portray Hawaiian dancers and will show their dancing ability in a hula number. They are Linda Smith, Julie Hahn, Sylvia Lewis and Linda Rinas.

The various crews are busy making preparations for the presentation. The music and drama departments have hopes that in the near future they will have a portable stage to be set up in the gymnasium to provide more

room for actors, crew members, and audiences. Chairman of the costume crew, Linda Smith comments on the progress of her committee: "A modern musical takes a little of the pressure off our committee since most of the costumes are up to date, but there are still a lot of last minute articles and alterations to be done before dress rehearsal and opening night." Other crews are: design, properties, publicity, make-up and tickets.

The stage play, "Gidget Goes Hawaiian," was taken from a movie by the same name. The setting for this modern musical is Hawaii where Gidget, an American teenager, is vacationing with her parents. According to her parents, this is an excellent way for her to get her mind off her steady from back home, Moondoggie. But after meeting some of her new acquaintances, including a twenty-five year old singer, Mike Horner, who takes an interest in Gidget, Papa begins to wonder if Moondoggie was so bad after all.

Profits from "Gidget" will help in financing the vocal music department's annual spring trip. Mixed chorus members will decide on the

place later this spring. Last year they went to such places as Soldiers Home, Marshalltown, and Boys' State Training School, Eldora, where they presented a program for audiences.

The play is being presented in hopes that its present day setting and modern music will attract both young and old. Publicity crews are busy now painting bright posters which they hope will reflect the spirit of the play and "beckon you to Hawaii."

Band Concert To Be Held March 19

The annual spring band concert will be held March 19th in the C. B. Vernon Junior High School gymnasium. The Marion High School band will be performing first under the direction of Mr. Wright. The junior high and grade school bands under the leadership of Mr. Dicken will present their concerts following the performance of the high school band.

During the concert, certain students will participate in various groups or in solo work. Connie Palas will conduct a march to be played by her fellow band members, and Bruce Thayer will be playing a solo "Fantasia di Concerto" accompanied by the band. A percussion group will play the selection "William Told Raymond About Zampa." The stage band will present a few numbers, also.

Carnival to Be April 2

The Penny Carnival will be held April 2, 1965, in the cafeteria and gym. It is to be sponsored by the student council. As in past years, the student council will not receive the profits. The various clubs and organizations who have booths will receive the profits for their own use.

There promises to be a wide variety of booths this year. Of course, there will be the traditional cake walk and jail. Also there will be booths consisting of pizza house, fortune telling, basketball free throws, and many others.

This year the student council asked the clubs and organizations if they would be interested in having a Penny Carnival, and so far there have been applications for 15 booths. There was not a carnival last year, since the student council was not in need of funds. The addition of the pop machine and "little store" assures the council of enough funds to operate.

There will be no admission charged at the door.

Marion To Be A.F.S. Bus Stop

Thirty-seven A.F.S. students will arrive in Marion Monday, July 7th. Each summer, before the foreign exchange students who have been attending schools in towns throughout the country return to their various countries, they take a bus tour of the United States. This year these students will spend July 5th to July 7th in Marion.

The students will be housed in various homes in Marion. Homes for these students will be selected from applications that will be filed with the A.F.S. committee.

Tentative plans are being made for a tour of Marion as well as a community barbecue or hootenany. In this way the rest of the community will be able to meet and talk to these students.

The bus, two chaperones, and the 37 students will leave Marion July 7th.

Parents are people who bear infants, bore teenagers and board newly-weds.

Don't talk about yourself, we'll do that when you leave.

Sr. Class Plans Government Trip

The senior class will take their annual government trip to Des Moines Thursday, March 18. The group of approximately 140 will go by bus, leaving the school at about 8:00 a.m.

A guided tour through the Capitol building will highlight the day. There the class will see the governor's office, the lieutenant governor's office, the Supreme Court, the Upper and the Lower Chambers of the General Assembly, the Rotunda and the Dome.

Next the group will be divided, according to choice, in two sections. One section will go to Salisbury House, which houses the Iowa Department of Education. The other section will visit the Iowa State Historical Museum.

The chaperones (tentatively) will be Mr. Charles Boquist, Mrs. Winifred Deeds, Mr. James Hanson and Miss Jean Johnson.

Foreign Language Lab Planned

Next year the Spanish room will have a new addition. It will be the new Acoustron which is an apparatus with microphones and earphones enabling the teacher to listen to students individually. The teacher has a console with switches which makes it possible to talk to all the students at one time or individually.

An earphone - microphone combination will hang from the ceiling which can be conveniently retracted out of the way when not in use. There will be no booths in which each student can hear only himself which are more commonly in use, but instead it will be possible for the students to hear each other.

This new apparatus will be a great help in teaching the correct pronunciation and accenting of words. This is the type equipment long needed for teaching foreign languages.

The trouble with people these days is that they want to reach the promise land without going through the wilderness.

When two egotists meet, it's a case of an I for an I.

Mr. Risk is enjoying his advanced physiology class.

Seniors Enroll In Advanced Physiology

Every day sixth hour since the beginning of second semester you have probably noticed about twenty seniors joyfully trudging into the biology room. You most likely wonder what could make them look so contented in the middle of the day. Well, it's physiology class! Physiology is the study of the workings or processes of the human body. This course is designed for those entering any phase of medicine or those interested in advanced science. To qualify for this physiology course you must have taken biology, chemistry and some math. The book used is a college freshman text. The text is supplemented with assignments from the *Scientific American* magazine.

As they walk through the door, they are greeted by a cool draft on their feet coming from the open window in the corner. Mr. Risk has to open it to get the air circulating. (The fifth hour class must be musty or something.) The bell rings unheard until Mr. Risk's warning,

"You people are going to have to stop talking when I am." The class then begins in earnest because that book is so thick, and the course lasts only a semester.

The class learns many interesting things — about cells, blood, senses and senioritis. Did you know that some of the seniors are taking the sick days they have saved since starting school? That explains the irregularity in their attendance.

The physiology class has also made some very interesting discoveries. They have discovered, among other things, the reason for spring fever. There is something in the spring air that "turns the iron in the blood to lead in the rear." Surely as the semester continues, they will add to their knowledge.

I wish I were a kangaroo,
Despite his funny stances;
I'd have a place to put the junk
My girlfriend brings to dances.

Sophs End Season

The Marion sophomores after starting off poorly by losing their first three games came on strong at the end of the season winning six of their last eight games to finish fourth in the Wamac conference and 9-8 over all.

The Indians had a string of five straight games going until Jefferson of Cedar Rapids broke it 67-49. One of the victories was against Anamosa, the league leader, by a score of 59-48. Anamosa eventually won the Wamac conference with a 10-4 record.

Jim Fowler led the sophomore scoring for the season with 204 points. Scott Bevin and Tim Zrudsky added 133 each for second honors. Gregg Miles followed with 124 points. Bevin was the top rebounder and Joe Hutchins led in free throw accuracy.

Mr. Perkins said the desire to win and hustle enabled the Indians to have a successful season. Mr. Perkins is head coach for the sophomores and Mr. Jackson is assistant coach.

Marilyn Franklin won the DAR Good Citizenship Award.

Marilyn Franklin Receives Award

Marilyn Franklin has been chosen as the DAR Good Citizen. The project in the Marion area is sponsored by the Marion Linn Chapter, DAR. Marilyn was selected by the participating schools on the basis of dependability, service, leadership, and patriotism.

Recipients of the award of the Northeast Iowa District DAR were honored at a luncheon given annually by Mayflower and Ashley Chapters of Cedar Rapids, Saturday, February 20, at the Roosevelt hotel. The winner of the Northeast District was announced at that time and given a \$25 bond. The state winner will receive a \$100 bond and the national winner a \$1,000 scholarship.

Sr. Boys Visit Trial

What is a trial really like? This may seem trivial in the eyes of those 'wasteland' viewers who are accustomed to such court thrillers as "Perry Mason," "Day In Court," and "The Defenders," but not so. If they had accompanied the ten senior boys who viewed a criminal trial at the court house, Feb. 16 and 17, chances are their outlook would now be considerably revised. Two seniors went from each government class and reported back to their classes following the trial. Those attending were: Jon Howe, Joe Rinas, Allen Cox, Bruce Thayer, Mike Whitney, Jim Hildebrande, Ron Olson, Terry Tuttrup, Gary Kimball and Jerry White.

The defendant was charged with possession of burglary tools with intent to commit burglary.

The case was both interesting and totally engrossing. It is one thing to hear the carefully planned and worded testimony which is designed toward conviction of a hapless soul with little or no defense — as is so common on television; it is quite another to weed out testimony and weigh the evidence in a real battle for 'justice' in a district court. Most of those seniors at the trial felt that the defendant was guilty in this case, but could not agree whether his guilt had been proven in court. They visited the 'scene of the crime' and took pictures for class presentation during the court's ample lunch hour. Much valuable experience was gained by all attending notwithstanding the jury's verdict of guilty.

Band Students To Dorian Festival

Saturday, February 27th, fourteen students from Marion High School and C. B. Vernon Junior High attended the solo clinic at Iowa City.

Beginning at 8:30 a.m. members of the staff of the School of Music at the University of Iowa auditioned solo performers in all areas of music. The fourteen soloists were from the three high school grades and the ninth grade representing the various sections of band. Among those participating were Julie Hahn, Mary Sue Wright, Bonnie Potter, Connie Wilson, Steve Jones, Duane Cox, Bruce Thayer, Allen Cox, Debbie Martin and Connie Palas. This audition was to help the students prepare for contest April 1.

Connie Clossen Chosen Homemaker Of The Year

Connie Clossen was named Marion's 1965 Betty Crocker Homemaker of Tomorrow in an assembly February 5. She scored highest in a written homemaker examination taken by senior girls on December 1 and is now eligible for state and national honors.

Test papers of all school Homemakers of Tomorrow in the state are currently being judged. The state's highest-ranking girl will receive a \$1,500 scholarship from General Mills, Inc., sponsor of the annual Betty Crocker Homemaker of Tomorrow, with the state runner-up receiving a \$500 educational grant.

Later this spring, the State Homemaker of Tomorrow will join first-place winners from each of the 50 other states and the District of Columbia in a tour of Washington, D. C., and New York City. Climaxing the week-long tour will be the naming of the Betty Crocker All-American Homemaker of Tomorrow.

The Betty Crocker Search for the American Homemaker of Tomorrow was initiated by General Mills in 1954 to emphasize the importance of homemaking as a career.

Six Qualify to Attend Symposium

The Science Symposium, at the State College of Iowa in Cedar Falls, is a recent replacement for the Science Fair. This year it is being held on March 12th and 13th and will be attended by promising science students and their teachers. Our representatives to the symposium are Tom Hess, Larry Stookey, Ken Backsen, Ed Edlin, Jon Howe and Joe Rinas. They were nominated on the basis of rank in class, standard scores in A.C.T. and I.T.E.D. tests, and rating by principal and science teacher.

The nominations were examined by a scholarship committee, and the students were chosen to go to Cedar Falls and take a test in the field of biology, chemistry, or physics. One person from each area will be presented with a fee exemption scholarship to the State College of Iowa and a cash award. If the student wants to attend a different college, he will receive only the cash award.

The two-day program will contain speeches by some successful scientists on subjects pertinent to our world today. It will also consist of films, demonstrations and the testing.

Marion Students Receive Letter from Doug M.

Dear Classmates,

It's been several months since I've written you a letter. Since that time Christmas has flown by, one semester has ended, and soon we'll be asking "where did that school year go?" That will be especially true for me here in Norway where every day seems to go faster. Yet, I've learned many things which I can never forget.

One of the purposes of this year in Norway is to observe and learn of different customs and activities among other countries, and I have learned many. The Norwegian teenager, however, is typically American. They all like popular music and continually tune in to the Beatles, Rolling Stones, or whatever other group or song is popular at the time, whenever they can on radio Luxemborg in England. They know and hear every popular record and song that we hear in America. There are, however, many Norwegian customs and other interesting things.

I'm taking several classes in school, among them Norsk, bookkeeping, math, natural science, literature, history, library keeping, geography, government, chemistry, psychology, economic geography, history-Norwegian, history-world, government-constitution, gym, song, and art. The assignments are rarely long or hard, and there are no grades given.

One of the most interesting customs is a Norwegian party. Norwegians are excellent hosts and are known as the most hospitable people in the world. I definitely believe they are. Everywhere I've gone I've received excellent food, amusement, and pleasure. Whether I am a stranger or not I'm made to feel at home in Norway as one of the family. I find the best example of this right here at school where every other Wednesday we have a party called "Eleverne kveld" or student's evening.

The evening always begins with several small skits, songs, and acts. Many times, pictures are shown. Afterwards, we all go into the student lounge and sit around the crackling fireplace singing old Norsk folk songs and eating cake and drinking coffee. After a last song we go into the gymnasium where the lights are bright and the piano is pounding out the notes to old folk dances which we dance to with many students in their valley's costume. We dance around and around until our faces turn red and we can't anymore. Then we all grasp hands and sing a final song. There's a smile of joy on everyone's face as we say "Godt natt!" Then we walk slowly back to our rooms and go to bed. (At least we're supposed to!)

Norwegians are great sports fans but not as in the U.S.A. for baseball, basketball, and football, but for soccer, speed skating and skiing. All of these prove very interesting especially when you have Norway's best Junior speed skater right in your own school and especially when you're given a free ticket (that regularly costs \$7 and is impossible to get) to the world's speed skating masters at the world's best skating stadium with the world's most interested public and especially when a Norwegian wins. The excitement is something that you can never forget. All of these and others too numerous to mention have crowded my Norwegian year with memories too wonderful to forget.

I wish you all the best of success with these final three months, and I especially want to wish the class of '65 extra luck in these important last months. I'm really looking forward to be back at M.H.S. Tusen takk og Jeg ønsker alle sammen mange hilsner. (A thousand thanks and I wish everyone many greetings.)

Doug Messerli

Quill Sponsors Leprechaun Lindy

Saturday night, 8:30, on March 6 a new type of semi-formal dance was introduced by the Quill (yearbook) staff to Marion High School — the Leprechaun Lindy.

The Leprechaun Lindy (an Irish dance) was created to correlate with the annual fall homecoming dance with St. Patrick's day and Irish folklore as a basis. Just as the student body elected a queen and court for the homecoming dance, a king (Leprechaun?) and court were elected and

then presented at the Leprechaun Lindy.

The gymnasium, where the dance was held, was decorated to resemble with a bit of imagination, a small Irish Leprechaun kingdom complete with an enchanted forest, a pot of gold, king's court, and castle. The music for the dance was provided by the Commanders (a seven-piece band).

The purpose of the Leprechaun Lindy was not only to provide an enjoyable evening for the student body but also to raise money to pay the Quill debts in order to keep the price of the yearbook as low as possible.

Monique Goetz's team fights for a victory.

G.R.A. Intramurals In Progress

Girls' intramural basketball has begun another season at M.H.S. According to Miss Jean Johnson, G.R.A. advisor, this intramural program gives all girls an opportunity to participate in competitive sports which is a principal objective of the Girls' Recreation Association.

The Tuesday night league, consisting of four teams, has completed three games with Team 4 in the lead with a 3-0 record. This team is composed of P. Ivey, J. Ross, C. Dickey, T. McLean, D. White, C. Clossen, J. Luse and S. Rutan with Dyanna Boyd as captain.

Following in a close second place is Team 2 with two wins and one loss. Captain Jill Hilton's squad consists of M. Wright, L. Polk, T. Risk, C. Concannon, L. Howe, N. Gibney and B. Potter.

Third place is presently being held by Team 3 with a 1-2 record. L. Ratkewicz, B. Collins, J. McCue, L. Smith, P. Claypool, S. Lewis and L. Rinas make up this team with Karen Bezdek as captain.

Holding down the fourth place position is Team 1 with a 0-3 record. L. Haas, R. Perrin, P. Buffington, B. Hauter, C. Polk, M. Arp, A. Hermanson, J. Potratz and Captain Kay Batchelder comprise this squad.

The four teams in the Wednesday night league have completed four games. Team 4 with Captain Monique Goetz, C. Palas, J. Hahn, L. Pobuda, P. Henle, M. Miller, S. Smith, V. Warrick, P. Hutchins, and a record of 4-0 have grabbed the lead.

Tied for second place are Teams 2 and 3, each with a 2-2 record. Team 2 is composed of S. Larkin, M. Gallup, L. O'Dean, D. Dinter, D. Martin, J. Schuller, H. Struck, B. Griswold and S. Larkin with Sharon Derflinger as captain. Team 3 with L. Miller, N. Peskey, C. Finn, D. McGowan, P. Smith, M. Orness and D. Bennett is headed by Captain Vicki Gillman.

Team 1 with Captain Charlotte Cooper, B. Kreamer, M. Frazee, L. Netz, C. Wilson, K. Davis, B. Lutz, S. Schroeder, O. Steepy and a record of 0-4 have managed last place.

Tana McLean, a member of the leading team in the heated Tuesday night action, is top scorer in that league. The top "gunner" in the Wednesday night league is Connie Palas. She is a member of the first place squad.

The intramural teams were chosen and the game schedules were set up by Tana McLean, G.R.A. intramural chairman. It is Tana's job to find referees and scorekeepers for each game and to generally keep things "moving."

At the end of approximately six weeks of play, the top team of each league will face one another in a final, action-packed game to determine the M.H.S. girls' intramural basketball champs.

The most combustible wood is a chip on a shoulder.

Nothing seems impossible to the person who doesn't have to do it himself.

March 22 Brings Vacation To MHS

It has been announced from the principal's office that there will be no school on Monday, March 22. The faculty will be working on an Evaluation Report for Secondary Schools.

Scientists' Summer Institutes Announced

Two-week summer programs in the sciences and engineering and in the communications arts are open to 10th, 11th and 12th grade college-bound high school students at several colleges and universities throughout the United States. The institutes are sponsored by Scientists of Tomorrow, a Portland, Ore., non-profit organization.

The Junior Engineers' and Scientists' Summer Institute, or JESSI, is an exploration in the sciences and engineering for orientation and guidance purposes. CASSI (Communications Arts and Science Summer Institute) explores the theories, science, art, and techniques of communication, with self-improvement as its prime objective. In striving for this objective, CASSI introduces the student to the Liberal Arts studies. Both institutes offer career information in their respective areas. Members of the regular staffs of the host institutions serve on the JESSI and CASSI faculties.

Important by-products of the JESSI and CASSI experience are: the experience of living away from home, learning how to choose a college and about the life of a student on a college or university campus, becoming more fully aware of the burden of self-responsibility of the college student, and learning that the study demands and the competition with which a college student is confronted are much greater than any heretofore experienced.

Interested students and parents may obtain full particulars about CASSI and JESSI by writing to Scientists of Tomorrow, 309 New Flidner Building, Portland, Oregon, 97205, or from Mr. Anderson's office.

She doesn't wink, she doesn't flirt.

She spreads no gossip, isn't curt.

She has no "line," she plays no trix.

But give her time — she's only six.

Six lettermen returned for the track season.

Thinclads Have High Hopes for '65 Season

The Marion track season began March 1st with about 30 athletes participating. As in the past the sophomores had the greatest number reporting with the seniors having the least. The returning lettermen are: Dick Carsner, Bill Long, Larry Brandt, Russ Wasendorf, Steve Rucker, Everett Weaver and Bill Null.

The events the squad will enter are as follows: 100, 440, 220, 880 yard dash; mile run; 440 and 880 yard relay; mile and two-mile relay; 880 yard medley and mile medley; 180 yard low hurdles; 120 yard high hurdles; pole vault; high jump; discus; and shot put.

Coach Gerry Skilling said, "Marion runners have a real chance to go places this year, and they will with a little school spirit."

This year's schedule is as follows:

Friday, April 2: Vinton, Monticello, Prairie.

Tuesday, April 6: Open.

Friday, April 9: Manchester, West Branch.

Saturday, April 10: Cornell relays.

Tuesday, April 13: Mount Vernon, West Branch.

Thursday, April 15: Belle Plaine, Mount Vernon.

Tuesday, April 20: Vinton relays.

Friday, April 23: Manchester, Anamosa.

Tuesday, April 27: At Vinton.

Thursday, April 29: Prairie relays.

Friday, April 30: Open.

Tuesday, May 4: Linn Mar relays.

Thursday, May 6: Open.

Saturday, May 8: District.

Tuesday, May 11: WaMac track meet.

Jeff. Edges Marion 58-57

The Marion Indians gave it all they could but came up one point shy from upsetting Jefferson as the J-Hawks defeated the Indians in a thriller 58-57 in the boys' state basketball tournament.

Marion gave it a gallant try, but Jefferson was not assured of victory until Jim Brouard hit a field goal with ten seconds left to play to give Jeff a 58-55 lead. Jim Langridge scored for the Indians just as the horn sounded.

The Indians stayed even throughout most of the first quarter behind the strong shooting of John Fowler, who collected three goals and a charity toss. Jeff spurred at the close of the first quarter and led 17-12.

Behind the shooting of Al Jenkins and Bob Sample, the J-Hawks widened their lead to 26-19 and led at the half 32-23.

The Indians finally came alive in the third quarter by the hot shooting of Ev Weaver. Weaver led the second half march which cut the Jeff margin to four points twice, 43-39 and 45-41. Weaver collected nine points to cut the Jeff lead to 45-41 at the end of the third stanza.

Marion soph center Scott Bevin cut the lead to two by getting by the Jeff defense for an easy lay-up. Bill Long then tied the game with a pair of gift shots. The J-Hawks never trailed until Long hit a jumper to put the Indians ahead 51-50 with 4:48 left.

The teams traded baskets during the final four minutes until Jenkins hit a pair of gift shots and Brouard's goal iced it.

Sample led Jefferson with 21 points, Jenkins had 18 and Gene Miller added 13. Ken Backsen played another fine game scoring 18 points and gathering several key rebounds. Weaver added 13 and Fowler followed with nine.

Three fine senior basketball players ended their basketball careers for the Indians. Ken Backsen, no. 2 scorer in the Cedar Rapids-Marion area with a 18.1 average, John Fowler, 13.4 average and no. 9 scorer in the area, and Ev Weaver, a good rebounder and top defensive man.

Marion	FG	FT	F
Weaver	5	3	2
Long	1	3	1
Backsen	6	6	4
Fowler	4	1	9
Rundall	3	0	4
Bevin	1	0	2
Null	1	0	2
Langridge	1	0	0
Rucker	0	0	0
Jefferson	FG	FT	F
Sample	9	3	3
Norris	0	1	4
Baker	1	1	2
Miller	6	1	3
Jenkins	7	4	2
Brouard	1	0	0
Clayson	0	0	1

Tigers Take Lead In Intramurals

Standings

Tigers	7-4
Boys	7-5
Sharks	5-6
Wambats	3-7

The Tigers led by captain Jim Sebern and Ron Olson have moved to the top of the intramural standings with a 7-4 record. The Tigers are followed closely by the "Battlin'" Boys who have compiled a 7-5 record.

Olson retained the scoring lead with a 11.0 average, but he is followed closely by Gary Breunig who has a 10.3 average.

Dick Mefford of the Boys racked a single game high for the season with a twenty-five point performance against the Wambats. The record was previously held by Jim Sebern and Kurt Brandt with 20 points each.

Scoring leaders are as follows:

Scoring Leaders

Olson	10	110	11.0
Breunig	10	103	10.3
Mefford	9	87	9.6
Rinas	12	103	8.6
Sebern	11	91	8.3
Walker	11	87	7.9
Thein	10	71	7.1

Ten lettermen return for spring baseball.

Indians Begin Baseball Season

The Marion Indian baseball team coached by Mr. Woodson and assisted by Mr. Craft will begin this year's baseball season with a possibility of nine returning lettermen. These are as follows: from the senior class, John Fowler, Joe Rinas, Denny Gilds, Ken Backsen, Larry Davidson and Jim Sebern. Junior class members who could possibly return are Ken Hopkins, Kurt Livingston and Pette Garlinghouse.

Practice will start on March 11th. The first two practices will be devoted to fundamentals which will include films, and a discussion of rules and regulations. The entire squad will attend. Starting March 15th the pitchers and catchers will begin nightly practice.

In the past spring season Marion compiled a record of four wins and six losses. So far this season Mr. Woodson has set up fourteen games and hopes to schedule at least four more in the seven open dates. There also have been

two sophomore games scheduled, and Coach Woodson would like to add two more to their schedule.

Sectionals will be played during the last week in April.

The schedule of the team is as follows:

April 5: Midland (Wyoming), there.

April 7: Open.

April 8: Washington, here.

April 9: Washington (soph), there.

April 12: Central City, there.

April 14: Open.

April 15: Jefferson.

April 21: Open.

April 26: Jefferson, here.

April 28: Central City, here.

April 29: Norway.

May 3: Van Horne, here.

May 4: Washington (soph), here.

May 5: Open.

May 6: Manchester, here.

May 10: Norway, here.

May 12: Open.

May 13: Midland (Wyoming), here.

May 17: Open.

May 19: Open.

May 20: Washington, there.

Breunig gets the tip from Buigess in an intramural game between the Sharks and Tigers.
