CARRIED AWAY

PROM AND POST-PROM YIELD AN EVENING OF FUN

by Samantha Cook

On April 26, the junior class presented the 1997 Junior-Senior Prom with outstanding remarks. After months of planning and days of decorating, the gym was ready for prom, as well as anyone who attended. Pictures were taken by READ Photography and began at 4:00 p.m. for those who wanted to get pictures out of the way before dinner. After pictures were taken, it was off to one of the many different places attended by MHS students for dinner; a few popular places were: Hemmingways, Windows, Ellis Landing, and Charlie's on the River.

Prom began promptly at 8:30 p.m. with the Grand March to lead it all. Once again, the bleachers were pulled out. This year, though, the juniors tried something a little different, couples started off walking separately, met in the middle, then escorted their dates down the walkway; it was different, but people seemed to enjoy the change.

Dick Dott was the disc jockey and did an outstanding job of playing off requests, which kept most everyone happy. At 11:30 p.m., the dance was over, it was off the Post Prom at Castle Lanes!

by Mindy Snider

Once again the Post Prom celebration, sponsored by S.O.D.A., was held at Castle Lanes and was a huge success. Freshman to seniors enjoyed the night bowling, Karaoke, playing pool, hanging out with friends and eating a lot of food! Juniors and Seniors won great prizes throughout the night donated by over 80 area businesses. Big prizes like televisions were won by Kate Humiston, Katie Schuver, Lexie Smith and Walker Burgess. "A lot of work was put into it", said Mrs. Putnum, "It was fun and I hope everyone appreciated it". The fun wasn't over for the juniors and few seniors who stayed awake to go back to the high school to do the morning after clean up after post prom was through.

Always popular at highs chool dances, the YMCA was once again a big hit.

Mattie Renfer, Dan Johnson, and Karen Straub take a much needed rest during the dance.

Before the dance really got going, MHS students gathered to discuss their dinner and post-dance plans.

At the end of the evening, the biggest prizes were given away to end Post Prom. Jason Gruber was the winner of a CD boombox.

At 5:30 AM, those responsible juniors who helped decorate showed up to cleanup the decorations. Amber Hutchins took her turn with a broom to sweep up tinsel.

After bowling for a few hours, it can get a little monotonous, so bowlers devised different ways to bowl. As demonstrated by John Cannon, twirling around to make oneself dizzy was popular.

NOW SHOWING:

THE FIFTH ELEMENT-

By Kevin A. Phan

Pg-13

In this futuristic, engaging action movie, Bruce Willis, a cab driver, lands the ride of a lifetime with the intoxicating and lusty space alien Mila Jovovich. Despite having a theme as overused as my Beagies album, "The mission: to rescue the universe", this constituent is nullified when taking the other elements into consideration. With wonderful choreography, bedazzling special effects, in-depth emotion, not to mention the acting, this movie should prove to be a block-buster.

Apart from previous space aliens, these metallic mounds of devastation come equipped with high-tech, decimating firearms. The 22nd century traffic flows seemingly perfectly in all dimensions through unmarked lanes. Similar to Star Wars, this movie should prove to have a near-cult following when all is said and done, making it well worth the hearty \$90 million price tag, and my \$.0000006 million dollars.

VOLCANO

PG-13-

In this action film lava

comes sweeping out from the earth and destroying ravaging the city of Los Angeles. The hokey acting preposterous, as to be expected, but it serves to make the film entertaining a least. Essentially, this movie is no more than a *The Blob* redone with semi-dazzling special effects, but the element that can not be escaped is the bland plot. Though the movie was a complete waste, it hardly worth the \$6.00.

AUSTIN POWERS

by Tim Nash

Starring: Mike Myers

Austin Powers International Man of Mystery, this is the best project that Mike Myers has gotten involved with since Wayne's World. This is quite possibly one of the funniest movies of the year! Ya baby, Ya! Mike Myers plays Austin Powers, a James Bond who's dirty teeth, excessive body hair, and sexist expressions get him all the chicks. But when his arch nemesis, Dr. Evil (also played by Myers) freezes himself and launches into orbit until 1997, Austin also jumps into his cryogenic capsule, and freezes himself until Dr. Evil appears again. In the year 1997, Dr. Evil thaws himself out

by Steve Godecke

Here are the last of the top ten ways to get ahead in life:

6. *Never look a gift shark in the mouth.* And don't accept strange ticking packages. I shouldn't have to say these things, but every year people DIE because they do stupid things like these. The world has no "common sense" left. If there was common sense, you would have heard the rule "never hit on your boss' wife" before. If you don't look out for yourself, no one else will.

and holds the world hostage for "1 million dollars!" but he changes his ransom to one hundred billion dollars when his associates make him aware of the changing times. Anyway Austin is unfrozen to save the world. The first thing that Austin realizes is that things have changed and that he's not the sexual beast he was in the sixties. What follows is a zany movie that everyone can enjoy. Mike Myers killed himself with *So I Married an Axe Murderer*, but he is reincarnated by Austin Powers and will have you rolling in the aisles five minutes into the movie.

MORE WAYS TO GET AHEAD

7. *Always set high goals.* An example would be NHS or FBLA changing their motto to "It's time to take over the world!"

8. *Once you have their money, don't ever give it back.* A truly timeless piece of advice, wise in any century. Assuming, of course, that you are willing to run and hide from murderous axe-carrying crowds of the idiots you've swindled. If you're not, well, you'd better give them back their money and count yourself lucky to escape with all your appendages.

9. *If you're thinking about saying something, don't say it.* Because if you have stopped to think about it, it will probably get you in trouble. The longer you think, the more trouble it will get you in. Only say things you don't have to think about.

10. *Make good use of your friends.* Friends can help you through tough times, holding your hand and wiping away your tears. They can share your laughter and triumph. Of course, they can also be valuable sources of favors and insider information, to be callously cast aside when they've outlived their usefulness.

JOHNSE'S MEMORY

I remember my junior when playing pranks on friends was really big. After long preparation of gathering pumpkins from people's doorsteps after Halloween, we had planned strategically placed all 105 pumpkins in Alex Dvorsky's front lawn. At 2:00 A.M. Ryan Lantz, Jason Osborn, and I put all of them pumpkins in his lawn. At 5:30 A.M., just as we were going to bed, we received a phone call from Alex's dad. We had to go back over to his house and clean up all the mess we had just made. That was a very vivid memory in my mind.

Johnse Bushlack

MORE MEMORIES FROM JOHNSE

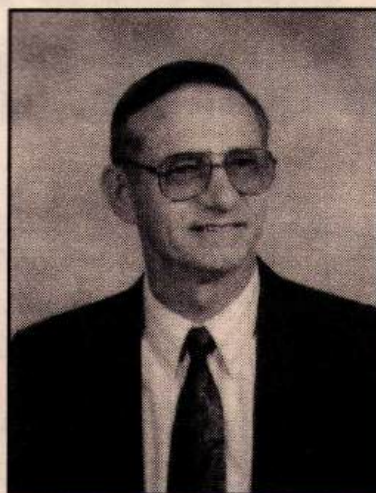

One of the funniest memories that I can remember is sitting in Mr. Schneekloth's 8th grade English class, when all of the sudden Eric Oberbroeckling accidentally pulled down the whole bookshelf in the back of the room. Books went flying everywhere hitting Chad Zrudsky in the back of the head. It was a good class waster because we spent the last 20 minutes of class cleaning up.

Johnse Bushlack

To: JOHNSE BUSHLACK

During the year we have become the greatest friend in the world. Thank you for always listening to my problems and never shutting me out. I'll remember you for always making me smile. Keep in touch!

THE LAST WEEKS

by Shawna Hall

After thirty enjoyable years of teaching at Marion High School, Mr. DeWees is retiring. Mr. Dewees, who teaches both General Science and Physics, has enjoyed working with the faculty and the students in our small school environment where all the students are familiar with each other, and the teachers know all the students, as well.

The only disappointment he'll take with him after leaving MHS, is the apparent change in the attitudes of some of the students from "hard working" to "I don't care." This is why Physics is his favorite class to teach, because the class is voluntary and, as a result, the students are there to learn and don't need to be motivated to work. Even though there is an apparent lack of interest resulting in only twelve students, it is usually beneficial because all the students are able to get more personal attention.

After retiring, Mr. Dewees will look back on fond memories of MHS, the students, the teachers, and the administration, and will most of all miss "the satisfaction of helping students learn and knowing he's made a difference."

To: MRS. YOUNG

Whenever I come to your class I know that I will always have. A different experience your class has been! From always being first on the list, to whatever I am know, thank you for making your class a joy to come to.

Stacey Tschantz

MORE FROM JOHNSE

At the Tipton track meet our seventh grade year, I was watching a relay and half of the track team was watching behind me. Justin Plein snuck up from behind and de-pantsed me. This was one of the most embarrassing moments of my high school years. Everyone was laughing at me and I got mad so I took Justin's Georgetown hat and threw it in the garbage. Ever since that day my nickname has been "Johansee with his pants down."

Johnse Bushlack

To: ROB

Thank you for being my friend and boyfriend for the past three years. You taught me many things. Good luck next year and I love you!

MRS. MUGAN-

Freshman year and senior year-just for math classes. But they were both great. Thanks for the good grades.

Thanks,
Kevin Evans

CHOIR

by Christine Akers

The early morning rehearsals for Jazz Choir ended following their final performance on April 28. The 15 members sang Don't Get Around Much Anymore, My Funny Valentine, Rock Around the Clock, I'm Beginning to See the Light, and Over the Rainbow, featuring a solo by Mattie Renfer. The Jazz Choir also performed at the Creek Country Club on April 17.

Both the Chamber and Concert Choir performed for the Spring Concert that was held on May 5 at the High School. The Chamber Choir worked hard memorizing songs for the Large Group Contest that was held at Benton on May 9. The songs they performed at this contest were Te Deum and the Three Madrigals. The Concert Choir received a 3 rating and the Chamber Choir received a 2.

The achievements of the choir members will be acknowledged on Choir Awards night which will be held on May 22.

The choirs will be singing for the Graduation Ceremony on May 25. The songs are yet to be determined.

FBLA

by: Matt Boggess

The gang in FBLA has been very busy lately. They just wrapped up an extensive candy drive to help raise money for the Iowa FBLA conference at the Five Seasons Center.

The group attended the 51st annual Iowa FBLA conference, April 4th and 5th. This year's theme was "Spotlight on the Stars." The group left the high school at 7 a.m. on Friday morning to begin a busy day of competition. They were finally able to settle into their rooms at about 3 o'clock that afternoon. A dinner and dance were held that night in the grand ballroom of the Five. The next morning members were up as early as 6:30 a.m. to participate in events. The day wound up with an awards ceremony where two Marion students won awards, Jay Kurth won a fifth place certificate in a Business Law, and a third place trophy for his sales presentation on a Ford Mustang. Chris Raymond brought home a third place trophy for his knowledge of Current Business Events.

All National Honor Society members, pay attention. The last month of school won't be for slacking off. On the third of May, there will be a road clean-up, and from the fifth through the ninth you will be working on cleaning up the school campus. On May 12th, a general meeting will be held at 7:00 pm. New members will be tapped in on May 13. These new members will then be honored on the fifteenth at the annual Honors Night held in the auditorium. This ceremony will get under way at about 6:00 pm. Finally, on the 29th, new officers will be elected. It's time to start getting ready because remember, September is right around the corner.

S.O.D.A.

By Tim Wiley

S.O.D.A. held their annual Post Prom on April 26, supervised by Mrs. Putnum and Mrs. Mugan. They worked hard to raise money by selling carnations and suckers. They also held a can drive. The money earned was used to purchase many prizes and food, as well as renting Castle Lanes. 175 people were signed up to attend, the largest turnout they've ever had. They hope the people who attend appreciate all the work the members put in to make it a great night. Some of the things you could do there include bowling, karaoke, video games, or just hanging out with friends. Mrs. Putnum and Mrs. Mugan would like to thank all who attended and the staff that chaperoned.

Upcoming Events: May- picnic with Linn-Mar S.O.D.A.

STUDENT SENATE

by Bryan Hamilton

Student Senate elections are coming up in the month of May. The elections will be held on May 16, 1997. Each person running for Student Senate has to obtain 30 signatures, and present a 1 to 2 minute campaign speech to his/

her classmates. Students can run for the following spots: President, Vice President, Secretary, Treasurer, and At Large Representative. Also, within the past month, the Student Senate sponsored the annual softball tournament, which was won by the Twelve Inch Hogs. Team members included John Cannon, Brain Dippel, Aaron Rogers, Jim Thomas, Jason Osborn, Ryan Lantz, Johnse Bushlack, Bill Stalkfleet, and Bryan Johnson. The tournament was "really fun, but, unfortunately, not many people were able to attend," commented Johnse Bushlack.

BAND

by Jessi Sova

Band members have been busy preparing for their last few concerts of the 1996-97 school year. After the excitement of the music trip and the Solo and Ensemble Contest in March and early April, the concert band relaxed a little bit while waiting until their Spring Concert on May 5. While the rest of the band was waiting for that concert, jazz students prepared for the Jazz Concert April 28.

The Jazz Concert is one of the highlights of the year for jazz students because it is a concert especially for them. This concert is usually a more relaxed concert with the two directors joking back and forth. It is one last time for the two jazz bands to show their stuff before returning to playing normal concert band music.

When asked what he will miss about jazz band, senior Dave Jarret answers, "Everything!" This year Dave was new-comer to Jazz One, but as the year ended he was just one of the gang. Other seniors who have dedicated their time to performing in Jazz One include: Dan Johnson, 4 years; Toni Zimmerman, 3 years; Becca Hockey, 3 years; Jessica Sova, 3 years; and Brandon Kacere, 2 years. Hard working seniors in Jazz two are Sarah Westergren, 4 years; and Dawnna LaBarr, 2 years.

Exactly one week after the Jazz concert was the Spring Concert. The band performed Disney at the Movies, Sierra Vista and Peter and the Wolf. The last piece was narrated by Cary J. Hahn. In preparation of the concert, Cary J. Hahn made an appearance first hour in band on the Thursday before the concert. He practiced with the band to put together the script and the music. A camera man was present to take footage to promote the concert. The students were enthusiastic about yelling into the camera: From the Marion High School Band, HELLO IOWA!"

Four days after the Spring Concert was Large Group Contest. During those four days, the band worked hard to improve Sierra Vista Variants, and Symphonic Legend. By the time contest rolled around, they were ready. Missing a number one division by one point, the band received a number two division rating.

This was the last concert for seniors, but about thirty others will play at Graduation May 25. The date of the annual Music Awards Banquet was May 22 at 7pm in the Lounge. The events of the year were reviewed at this potluck desert banquet and awards were given out.

**You wouldn't jump from

Sex without protection would be just as foolish. The chances of pregnancy are 90% if the couple doesn't use contraception. (And don't forget there are other risks, like sexually transmitted infections.)

Find out what you need to know. Protect yourself. Or you could be headed for quite a fall.
